

XIC600 INDOOR CYCLE

With components of similar quality to expensive outdoor bikes, you can train on the XIC600 Indoor Cycle in the comfort of your own home. A heavy duty 48.5 lb precision balanced chrome plated flywheel, belt drive system, and superior cranks create a system that is smooth, quiet, and durable. Both the seat and handlebar adjustments provide infinite settings (fore/aft/up/down) via the fast adjustment levers allowing you to precisely adjust your bike to your specific needs. Wireless LCD console, dual water bottle holders, comfort groove racing saddle, and PVC coated multi-grip handlebars are all standard. Start training to your full potential with your own XIC600 Indoor Cycle.

FEATURES

- 48.5 lb precision balanced flywheel is chrome plated for durability
- Micro fore/aft/up/down seat and handlebar adjustments with quick levers
- Direct drive system is driven by a belt instead of a chain for smooth, quiet, and maintenance free operation
- Molded rotary knob for comfortable resistance adjustments and quick-stop operation
- Adjustable toe cage pedals for a secure ride with any type of athletic shoes
- Stamped adjustment settings on both the handlebar and seat posts for quick reference
