

XBU55 UPRIGHT BIKE

Engineered for Results. Designed for Comfort. Built to Last.

The XBU55 upright bike delivers an exceptional indoor cycling experience, combining durability, performance, and connectivity into a premium fitness solution for home users and light commercial environments. Powered by a heavy-duty 30 lb (14 kg) flywheel and whisper-quiet belt drive system, it ensures smooth resistance transitions and a natural pedaling feel for users of all fitness levels.

Stay motivated with the vibrant 7.5" Multi-Colour ClearView™ LCD console, displaying real-time performance stats and offering 14 pre-set and 2 custom programs to match your training goals. Integrated Bluetooth FTMS connects to popular fitness apps, while heart rate monitoring is available via hand pulse sensors or compatible with Bluetooth/5kHz wireless options (chest straps sold separately).

Comfort meets customization with a high-density foam seat, fore/aft and vertical seat adjustments, and oversized self-balancing pedals featuring a fast-latch system for quick setup and stability.

With intuitive functionality, connected features, and robust build quality, the XBU55 is your everyday performance partner—ready to support your goals with every ride.

FEATURES
