

XBR25 RECURMBENT BIKE

Spirit XBR25 Recumbent Bike – Comfort Meets Performance

The Spirit XBR25 recumbent bike is engineered to make your fitness journey smooth, effective, and comfortable. Featuring a user-friendly 7.5" backlit LCD display, it allows you to easily track your progress across various metrics. The 20 lb (9 kg) flywheel ensures a stable and fluid ride, while 20 levels of magnetic resistance provide the flexibility to adjust your workout intensity to match your fitness goals.

Designed for maximum comfort, the high-density foam seat with 14 fore/aft adjustments allows you to find the perfect fit. The convenient step-through frame design makes it easy to get on and off the bike, and the self-balancing pedals with a fast-latch system simplify setup and ensure secure footing. The built-in heart rate sensors on the lower handlebars help you stay in your target zone for effective training. Choose from 10 pre-set and 2 custom programs to keep your workouts varied and engaging.

Built to last, the XBR25 comes with a lifetime warranty on the frame and brake, making it a reliable choice for your home gym. Experience a superior blend of comfort, technology, and performance with the Spirit XBR25 recumbent bike.
