Premium Comfort. Powerful Performance. Smart Connectivity.

The XBR55ENT recumbent bike combines commercial-grade durability with advanced technology to deliver a low-impact, high-efficiency workout experience for users of all fitness levels. Designed for ultimate comfort and performance, it features a robust 24 lb (11 kg) flywheel and a durable belt drive system that provide an ultra-smooth, whisper-quiet ride. With 20 levels of magnetic resistance, users can personalize their training intensity with precision.

At the heart of the XBR55ENT is a vivid 10.1" ClearView™ touchscreen display, offering intuitive navigation, real-time performance tracking, and access to a suite of pre-loaded apps, built-in fitness videos, and screen mirroring capabilities. Users can choose from 15 pre-set programs, 8 customizable options, or 12 targeted templates designed to match training style and goals. Whether you're tracking calories, time, distance, or heart rate, every metric is front and center to keep your workouts focused and effective.

Garmin® users can sync their compatible wearables to view key training data directly on the console, while Bluetooth® connectivity opens the door to third-party apps and wireless audio streaming. The XBR55ENT also includes a USB charging port to keep your devices powered throughout your session.

Comfort is fully customizable with a 14-position fore/aft seat adjustment and 6 reclining positions, along with oversized, self-balancing pedals featuring a fast-latch system for quick and secure entry.

Whether you're just beginning or fine-tuning your training, the XBR55ENT delivers the performance, technology, and comfort to keep you moving forward.

FEATURES

- Advanced Bluetooth-enabled 10.1" ClearView+™ touchscreen display with built-in apps, screen mirroring, and USB charging port
- 24 lb (11 kg) flywheel with 20 levels of magnetic resistance
- Fully adjustable seat and oversized fast-latch pedals
