CSD-PFRD

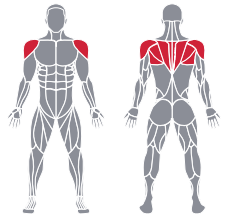

PEC FLY / REAR DELT

PEC FLY

REAR DELT

The Pec Fly and Rear Delt machine offers dual exercises focused on the pectoralis and posterior deltoid muscle groups. With multiple hand grip options and an adjustable range of motion, users of all sizes can comfortably hit their next personal record. A large padded seat adjusts easily with the built-in gas-assisted riser and integrated rep counter keeps users positioned properly and engaged rep after rep.

CSD-PFRD PEC FLY / REAR DELT

- 4-bar linkage seat provides easy adjustment
- Premium beveled pads with sport stitching
- 200 lb (91 kg) graduated weight stack
- Premium strength cables
- Integrated rep counter and time display
- Large storage tray at top of tower
