

3-TIER DUMBBELL RACK

CSF-3TDB

Maximize storage and organization with the CSF-3TDB 3-Tier Adjustable Dumbbell Rack—a must-have for any fitness facility. Its 48" (122 cm) wide shelves feature an adjustable angle, allowing for versatile storage of dumbbells, kettlebells, and more.

Designed for durability, this rack boasts a heavy-gauge steel frame with commercial-grade components to withstand high-traffic use. Rubber foot covers enhance stability while protecting floors from damage.

Keep weights off the ground, streamline your space, and ensure easy access with this premium storage solution.
