CT800 Light Commercial Treadmill – Power, Performance, and Reliability in Every Stride

The CT800 treadmill is built to deliver exceptional durability, performance, and value—making it the perfect fit for any Light Commercial facility. With a high-grade steel frame backed by a lifetime warranty, this machine is built to withstand the demands of higher-traffic environments. Equipped with a powerful 4.0 HP DC motor, the CT800 supports speeds up to 12 mph (20 kph) and features a spacious 22" x 60" (56 x 152 cm) running surface, providing ample room for a comfortable stride. The 1" thick double-sided deck with a 2-ply belt ensures smooth operation and extends the lifespan of the machine.

The intuitive top control panel includes direct speed and incline buttons for quick adjustments, multiple storage options for water bottles, phones, and accessories, and a built-in cooling fan to enhance user comfort. Bluetooth FTMS compatibility allows seamless connection to apps and wearables, while the hand pulse sensors and Bluetooth/5kHz compatibility provide accurate heart rate monitoring.

With 17 pre-set programs and 1 customizable option, users can tailor their workouts to match their fitness goals. Whether it's endurance training, interval work, or fat-burning sessions, the variety of programs ensures a challenging and engaging experience for all fitness levels.

The 3" (7.5 cm) front and rear rollers reduce wear and tear, ensuring smooth belt movement as well as extending the treadmill's lifespan. Combined with superior build quality and a reputation for reliability, the CT800 offers consistent performance that keeps users satisfied while protecting your investment.

CT800 TREADMILL

- Direct speed and incline buttons make workouts more efficient
- Bright white multi-window LED console is easy to read and simple to use
- Contact and wireless heart rate options to help keep clients in their safe and effective training zone
